DENT Sleep Disorders Center.*

# General Exam Instructions

Please call DENT Neurologic Institute at **(716) 250-2000** with any questions regarding instructions.

TYPE OF TEST	PREPARATION
<b>DOPPLER</b>	No preparation needed.
<b>EEG TESTING</b>	<ul style="list-style-type: none"><li>• Eat normally and take usual medications, unless otherwise instructed by the physician.</li><li>• Your hair <b>MUST</b> be clean for this test. Wash it either the night before or in the morning. Do <b>NOT</b> apply any conditioners, gels, or sprays to hair/body.</li><li>• Do <b>NOT</b> use any stimulants (coffee, tea, cola, etc.) starting the night before the test.</li><li>• If the test is ordered as "Sleep Deprived EEG," stay up as late as possible the night before the test. If you can stay up all night that is great, but try to stay up as late as possible without any stimulants.</li></ul>
<b>EMG TESTING</b>	<ul style="list-style-type: none"><li>• Eat regular meals and take usual medications, unless otherwise instructed by a physician.</li><li>• Take a shower or bath, being sure to remove any body oils. Do <b>NOT</b> use any bath oils, lotions, or creams where symptoms are present (deodorant may be used).</li></ul>
<b>INFUSION THERAPY</b>	An Infusion Nurse will inform you of any preparation needed for your infusion therapy
<b>NEURO-PSYCH TESTING</b>	When calling for an appointment, you will be advised of any necessary preparation.
<b>PET SCAN</b>	Upon scheduling the PET scan, you will be advised of any preparation required.
<b>MRI TESTING</b>	<ul style="list-style-type: none"><li>• Eat normally and take your usual medications, unless otherwise instructed.</li><li>• Wear clothing without metal fasteners, such as sweats.</li><li>• Remove all accessories (watch, jewelry, hairpins, wigs, dentures, and hearing aids).</li><li>• Tell the technologist if you have any metal/electronic devices in your body (metallic joint prostheses, artificial heart valves, implanted electronic devices, cochlear implants or magnets in your dentures).</li></ul>
<b>SLEEP STUDY</b>	<ul style="list-style-type: none"><li>• Plan to arrive at the Sleep Disorder Center at 8:30 p.m. on the evening of your test. Wake up time is at 5:30 a.m. and discharge time is at 6:00 a.m. A shower is available to patients who wish to freshen up in the morning.</li><li>• Bring your own nightclothes, shorts, or jogging pants to sleep in.</li><li>• Wash your hair prior to the test. Do <b>NOT</b> use any gels or hairspray in your hair.</li><li>• Please be clean-shaven. <b>No</b> lotions or moisturizers on your skin the day of the study.</li><li>• Refrain from or reduce the use of any caffeine and/or alcohol the day of your study.</li><li>• Bring any medications you are taking with you. The Sleep Disorder Center cannot provide your regular medications during your testing.</li></ul> <p><b><i>If you have a sinus/respiratory infection or any other illness, this test should be rescheduled.</i></b></p>
